

# Aishwarya Ghatole.

## Profile

I'm an Engineering student at SGBAU, Maharashtra, with a strong drive for full-stack development and a passion for solving real-world problems through Technology. I'm a multilingual communicator who blends analytical thinking with creativity whether I'm writing code or collaborating across teams. With a deep curiosity for how things work and how they can work better, I'm passionate about building scalable, Intuition solutions that makes an impact. I'm always eager to learn, iterate, and grow both as a developer and as a teammate. I'm confident that my enthusiasm and drive will help me succeed in any role that leverages my passion for technology. I'm committed to utilizing my skills to further the mission of the organization I work with.
